12% Doctoral

“The Career Workshop and OWLS are among the best opportunities to interact with and support exceptional military women leaders in various stages of professional development. These are unsurpassed high-touch, high-quality events from start to finish, which is why Travelers continues to participate year after year.”

Jim McMahon | Military & Veterans Outreach | Travelers

The Career Workshop provides a job fair, professional development workshops, small group discussions and other resources that assist women leaders in the military community to make successful career transitions. Top-caliber, military friendly organizations are invited to network with military officer, veteran and senior enlisted women, as well as degreed military spouses from across the nation who seek employment opportunities and career transition information.
